---

We ship on a regular basis to incarcerated individuals, as well as to prisons and correctional facilities, to both inmates and staffmembers (chaplains, purchasing agents).

When ordering product to an inmate, please make sure (with the inmate, or his/her facility), that the items you are sending are allowed to be received by him/her. (this may include hardcover books, # of items per package, electronic items, perfumes/scents, clothing, and so on). In general, paperback books are allowed. The inmate must also have receiving priveleges.

We generally prefer to ship all parcels to inmates and penal institutions via USPS (US Mail). We recommend you choose a USPS shipping method when shipping to inmates.
